# Welcome!

# Southern Regional Library Facility Overview

- SRLF's role in the UC Library system
- Organizational structure
- Collections
- Annual deposits

# SRLF Policies

- Online bibliographic record required
- Non-duplication Rule
- Circulation/access to all UC libraries
- Persistent vs. Non-persistent deposits
- Special Collection exceptions

## More on SRLF Policies...

- Where do Shared Print collections fit with these policies?
  - Goal of no duplication between the RLFs
  - One complete copy with equal access to all UC libraries
  - Greater opportunity for campus libraries to reduce duplicate holdings

- Physical page-by-page scanning to make sure our volume is
  - 1. complete (similarly paginated)
  - 2. in perfect condition

- Full or partially missing pages.
- Torn, ripped or creased pages that affect the text
- Ink/pen that obscures text (i.e. underlining)
- Extremely blurry print or extreme smudges/smears
- Pages where more than two letters of a word are damaged, missing or obscured; pages where any part of an illustration is damaged
- Significant blotches, stains, or marks that obscure unique text
- Any color highlighter beside yellow or excessive yellow highlighting
- Stickers or stamps that obscure unique text
- Water damage
- Glue damage (pages stuck together)

# Rejection Rate!

- Initial Rejection rate of 60%
  - 6 out of 10 times we will have to look at a second copy
  - 14 ¼ million page project potentially a 23 million page project!

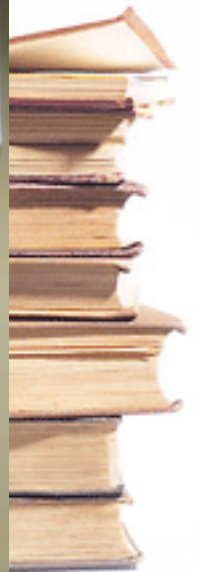

# The 2<sup>nd</sup> Revised Timeline

# Aisle 9

# The 3 Mid-Project Dilemmas

- 1. Attract quality students & reduce student turnover
- 2. Hire a 2<sup>nd</sup> Library Assistant with no FTE
- 3. Curb the rejection rate

# 1. Student Turnover: Recent Changes

- Fine tune interviewing
- \$11.18 promotion step
- Other duties
- Limit their weekly hours
- Keep job posting open

## 2. 2<sup>nd</sup> Library Assistant

- Quality control vital
- Library Associates
- David Velasquez started November, 2005
- Passed Internal and Official Audits with low error rates

### 3. Curb the Rejection Rate Part 1: The End of the “Perfect” Copy

- No such thing
- Instead, “Ideal” copy

### 3. Curb the Rejection Rate Part 2: Compromise

- Loosen standards without lowering them

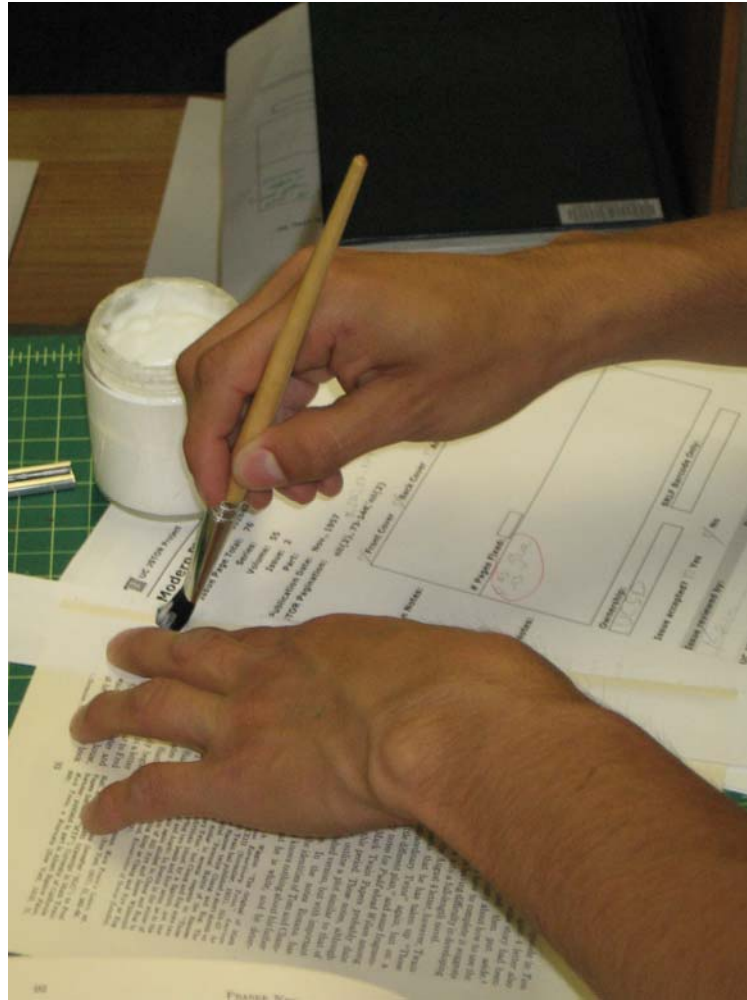

### 3. Curb the Rejection Rate Part 3: Preservation

- Enlist the UCLA Conservation Laboratory to train students on intermediate-level repairs
- Replacement pages

# Skilled Hands at Work

### 3. Curb the Rejection Rate Bonus: Non SRLF Material

- Project logically began with 20% already at SRLF
- Rejection rate automatically fell when we switched to other schools
- UCLA has highest number of poor volumes
